# Speed Reduction Methods

- Two categories:
  - + Temporary (Speed awareness messaging-SAM2, police, community speed watch, pub + garage).
  - + Permanent ('sleeping policemen', humps, bumps, tables, rumbles strips, pillows, chicanes etc).
- Brundall 'The Street' as example.

# Moving Forward

- Which solution and where?
- Is there money out there to do it?
- Do we meet the criteria?
- How do we go about making it happen?
  
- In the mean-time
  - + Any volunteers for community speed watch?
